

The Leesburg High School Band Program 2023-2024 Corporate Sponsorship Drive

Our program needs YOUR help to positively represent our school and community!

Lucas James
Director

JamesL1@lake.k12.fl.us

Greetings from the Leesburg High School Band!

Our band is hoping to expand our ability to provide financial aid to those who do not have the means to participate. In our program, we have seven performing groups. We have a marching band, two concert bands, two jazz bands, a color guard and an indoor percussion ensemble. The LHS Band program prides itself in producing confident, mature, and successful young people that positively contribute to the community around them. By being in band, our students have access to opportunities that push them to become self-reliant, self-motivated, and self-sufficient. Throughout the school year, the band participates in festivals, district assessments, and local events which have entry fees. We would love to partner with our community businesses to continue supporting our young people in their endeavors.

This is truly a community band and as business owners, we hope you will feel the sense of pride that you have contributed to the lives of our youth who continue to lead the way for our futures.

Thank you for your support in furthering the growth of the students in the Leesburg High School Band Program.

Sincerely,
The Leesburg High School Band Program
